

MATLAB[®] & SIMULINK[®]

MATLAB Seminars

The University of Texas at San Antonio (UTSA)
Monday, August 17, 2015
North Paseo Building (NPB) Room 1.238

Join MathWorks engineers as they provide insight into using MATLAB for big-data applications.

This workshop is free and open to the public..

Session 1: Data Analytics with MATLAB

(9:30 a.m. – 12:00 p.m.) Brief introduction to MATLAB followed by presentation on developing data-driven insight in MATLAB.

Session 2: Parallel Computing with MATLAB

(1:00 p.m. – 3:00 p.m.). Speed up tasks by taking advantage of high-performance computing resources, such as multicore computers, GPUs, computer clusters, grid and cloud computing services.

Register by e-mailing Paul.Crouser@utsa.edu

Walk in registration 15 minutes before session..
