!! WINNING NOTIFICATION !!

We happily announce to you the draws of the Jackpot Promotional Lottery Program sponsored by European Lotteries and held in The United Kingdom on the 26th February, 2008 in which you and five (5) provisional winners were selected as winners under draw No. 2245.

Due to mix up in some numbers and names the results of the draw were withheld and released today. For the purpose of security you are therefore strongly advised to keep this award notification secret from public notice until your claim has been processed and your prize money paid as this is part of our security protocol to avoid duplicity of claims or misuse of this program by miscreants and hackers. Thus, your prize award winning is confidential as our winners are at liberty to remain completely anonymous until payment is effected to the benefit of the beneficiary. Our staffs are sworn to secrecy, so you will be the only one to know what you have won.

Your e-mail address attached to ticket number: 08-04-33-38-BL-AU drew the lucky numbers: 05 32 44 45 50 01 07, which subsequently won you the lottery in Category 2D. All participants were selected randomly through computer ballot draw system and from 850,000 individuals and Companies as part of our international promotions program conducted annually to encourage prospective overseas entries. You have therefore been granted provisional approval to claim a total sum of J650,100.00 (Six Hundred and Fifty Thousand, One Hundred Pounds only) as your winning prize.

For lucky winners, it is our standard practices to allocate accredited claims agents for the processing of claim application and payment of prize winnings to the benefit of beneficiaries after all modalities have been completed satisfactorily.

To begin your claims therefore, you are advised on final notice and as a matter of urgency, to contact our licensed and accredited

claim agent for Overseas Lucky Winners for the processing of your prize awards winning and payment after all statutory obligations have been concluded satisfactorily.
