

Homework #1: "Hello OpenGL World!"

Due: 1/18/2011 before 2PM

Draw a triangle in your favorite color using OpenGL. Edit main.cpp.

1. Get the attached project ([homework1.zip](#)) to compile in Visual Studio 2008.
2. Draw a triangle and color it (use glColor);
3. Create a pdf that a) describes three unique things about you and b) gives an email address that you check often
4. Zip everything as LastnameFirstinitialHW1.zip.
5. Turn it in on [blackboard](#).
