

```
<html>

<head>

  <title> </title>

  <link href="layout-screen.css" rel="stylesheet" media="screen" type="text/css" />

  <link href="layout-print.css" rel="stylesheet" media="print" type="text/css" />

</head>

<body>

  <div id="wrapper"> wrapper

    <div id="box_1"> box_1 </div>

    <div id="box_2"> box_2 </div>

    <div id="box_3"> box_3 </div>

    <div id="box_4"> box_4 </div>

    <div id="box_5"> box_5 </div>

  </div>

  <div id="box_6"> box_6 <br /> use absolute positioning</div>

</body>

</html>
```

Write two css files so that we can get the following layouts for screen and print media....

layout-screen.css

layout-print.css
